As salam o Alaikum,

There is a problem in WEOC. While taking an NOC from TDAP, the HS code is not permitting TDAP to proceed with issuing the NOC.

If you could kindly amend the system by removing the check mark such that the NOC does not rely on the HS code.

This will resolve the error issue that is now being seen on the system.

I spoke to PRAL, and he has acknowledged the error and has advised that once they receive the CRF from you, they will amend the error immediately.

Accordingly, if you could do the needful and send the CRF to permanently fix this issue that TDAP is facing.

Thanks a lot; please feel free to reach out to me if you have any questions about this matter.

Kind regards,
